

# Kings Langley School Redevelopment

## Dear Neighbour

Allow us to introduce ourselves. We are Interserve, the main contractor appointed to carry out the redevelopment of Kings Langley School.

We are writing to let you know that work on the redevelopment will be commencing shortly - you'll start to see us on site during February to carry out early works. This will include securing work areas within the school grounds.

We will be around for a while - the main build is due for completion in August 2016, however we will be on site until February 2017 to complete the clearing of the old school buildings and fully landscape the site.

As a Considerate Contractor, we will carry out our work with minimal disruption to you and the community. It is important to us that we do this so please, if you have any concerns, please do not hesitate to contact us at:

**[hlschools@interserve.com](mailto:hlschools@interserve.com)**

It is our intention to be a good neighbour and hope that the redevelopment of the school is seen as a benefit to your area.

Above all, safety is our top priority. Be reminded that construction sites are very dangerous places. If you have children, please take a few minutes to discuss with them the serious risks associated with playing on a construction site.

For further information on the redevelopment, please visit the Kings Langley School website ([www.kingslangley.herts.sch.uk](http://www.kingslangley.herts.sch.uk)) and look under 'New Build', found within the 'Information' section of the site.

Thank you

**Interserve Construction Ltd**
