EQUAL OPPORTUNITIES STATEMENT

We believe in openness and equality in our dealings with each other and in the way we serve the school community. Every individual is entitled to dignity and respect. Care for the school community goes hand in hand with care for our employees.

We aim to ensure that all groups and individuals within the school community are given full opportunity to benefit from job opportunities we provide. No member of the school community or potential member of the school community, employee or potential employee will be discriminated against because of age, colour, disability, ethnic or national origins, race, gender, sexual orientation, marital status, political or religious beliefs or trade union activities.

SAFEGUARDING CHILDREN STATEMENT

The school is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.
