Issue 1

## A note from the Headteacher

Welcome back after the summer break!

It has been a pleasure in welcoming students back into Kings Langley School after the summer break. There is always a sense of energy and buzz at the start of an academic year in welcoming back over 1200 students and staff. In my welcome address I have set the students some targets to unlock their potential and one of these targets is focused on daily positive habits. Please, when possible, ask your son/daughter about their aspirations this year, what targets they need to set themselves to raise their aspirations and achieve them, and finally how they will “swim with the current” to ensure they unlock their potential.

As always it has been great to welcome our new year 7 cohort, very excited but obviously with nerves. The induction programme clearly has supported these young people as I see them full of confidence already, which will support them in unlocking their potential. As you know we hold an annual summer school as part of the transition and this year we had over 150 students take up this offer. A huge thank you to all the staff who took part in this and especially Mrs Jennings who has been very flexible this year in adding on many additional students very late to ensure we support a strong transition experience from year 6 into year 7.

## As we start the new year a reminder of a few areas:

- All students should be on school site **by 8.35**.
- All students should have the correct uniform as per our policy. <https://www.kls.herts.sch.uk/home/parents/uniform-and-equipment/>
- All students should attend every day with the equipment listed as per our policy and when timetabled PE kit or technology ingredients. <https://www.kls.herts.sch.uk/home/parents/uniform-and-equipment/>
- All students should have logged onto the Microsoft TEAMS account and software packages for their subjects.

Please can I ask that all parents/ carers take time to go over their child's timetable with them and help them prepare for the weeks ahead, ensure they have everything listed above to be successful and finally that they have logged onto the various software packages using the single sign on that we now utilise.

## School Site Health and Safety

As I am sure you will appreciate managing a site with intense short periods of high-volume activity relating to pedestrians and vehicles needs to be managed carefully for safety reasons. We ask that you observe the school's requests and assist us in managing the safety of your children when they arrive and leave school each day.

- **Parents are welcome to use the parent drop off area only** at the beginning and end of the day. When collecting at the end of the day if you arrive early, please switch off your engine to help reduce the air pollution within the locality.
- Please observe the 10mph speed limit whilst on site.
- **Please do not use the bus turning area** as it delays the buses being able to quickly set down their passengers, as well as causing a safety hazard for pedestrians if they are moving between vehicles in this area.
- Please also note that unless you are dropping off a student with a disability or they are temporarily using crutches, please do not drive up to the front of the school. If you are a parent with a disability and you are visiting the school this area is where you can park displaying a blue badge. **It is also not appropriate for students to be dropped off at the back of the building in the staff car parking area.**

Thank you in advance for your support in observing our site management health and safety practices.

## **Collecting Students During the School Day**

If you need to collect your child from school during the day to attend for example a medical, orthodontist appointment etc. please can you provide your child with a note to state what the reason for leaving school is and the time they need to leave, so they can excuse themselves from the lesson they are in by showing the relevant teacher the note. Please can we remind parents that we require you to come into school to sign your child out, children will not be permitted to leave the building without a parent with them.

## **Lost/Left Property**

Prior to the summer holidays, we notified parents that students needed to clear their lockers as they were being cleaned and reallocated in readiness for the new academic year.

On undertaking the cleaning task there were several lockers that had belongings left in them. All of these belongings have been given to form tutors for your child to collect.

The information below is our Policy relating to Lost/Left Property for your reference.

### **Named Property**

If an item of lost property is found and the item is named every effort will be made to return it to the student. Where the owner is known and the item remains uncollected after four weeks then the school will acquire ownership and dispose of the item accordingly.

### **Unnamed Property**

If the owner is not known and after 'reasonable inquiry' it is impossible to identify and notify them, the school acquires ownership of the lost property four weeks after it is handed in. Thereafter, the item/s will be disposed of by the school.

If property is left knowingly around the school site for example bags, coats etc. this does not constitute lost property. This property will be collected on a regular basis and if named returned to the student or if it is unidentifiable the items will be disposed of. Please note where items are perishable or would involve 'unreasonable excuse or inconvenience' to look after, these will be disposed of right away.

## **Communication**

The beginning of term is a very busy time as everyone in our community settles back into their routines. Please be advised that if you contact the school we will respond to you as stated in our communication policy within 3 working days, if we are unable to respond to you within this time frame, we will provide you with a full explanation as to why a response may take longer. The full communication policy can be found on the school web site.

## **No Idling**

I would like to remind our community about “Idling when waiting in your car”, we would like to ask for your support in helping to improve air quality when waiting on the school site or on the roads in the vicinity of the school, please can we ask vehicle owners to turn their engines off whilst they wait. If you are going to be waiting in your car for more than 30 seconds, please remember to turn your car’s engine off. You will not only improve our air, but you will also save money in fuel and vehicle wear and tear costs!

### **Why should you support ‘No Idling’?**

Idling harms our health: vehicle exhaust fumes are damaging to everyone’s health, but it especially affects children, who breathe more and at a faster rate than adults. By turning off your engine, you can improve the quality of air students, parents and staff and the wider community breathe.

Idling pollutes the air we breathe: an idling engine produces unnecessary pollution and can produce up to twice as many exhaust emissions as an engine in motion. By not idling, you reduce the level of harmful emissions being released into the atmosphere. Keep money in your wallet and save fuel: despite the popular story that idling your car uses less fuel than turning it off and restarting – idling actually costs you money. It is more fuel efficient to turn off your engine if you are going to be sitting more than 30 seconds and this will also reduce the wear and tear on your engine.

You can help reduce air pollution around the school by doing the following:

- Drop your child further away from the school and encourage them to walk the last part of the journey, this helps to lessen the environmental impact during the very busy period around the local area at drop off and collection times.
- Turn off your engine when dropping off or picking up from school. Encourage your children to take up cycling and walk where they can or think about choosing public transport over using a car.
- Share car journeys where possible.

Together, we can make a real difference and improve the quality of air we all breathe.

**A HUGE Congratulations to students achieving these awards.**

# KLS Colour Awards

## *Flourishing through opportunities and personal development*

For each award, students need to meet the criteria for each of the following categories for the award and level that they are aiming for:

- **Extra-curricular**
- **Leadership**
- **Personal Development**
- **School & Wider Community**

For each award, students work through achieving **bronze, silver, gold, platinum** and **diamond** levels. It is advised that students begin working towards their bronze award in Yr7 however, students can work towards the level which they feel confident in achieving. Students are advised to speak to their form tutor and/or subject teachers for guidance and opportunities that exist across the school.

# TOOLED UP<sup>®</sup>

BECAUSE EVIDENCE MATTERS

We hope all our Tooled Up families and their children are settling back into school life and enjoying the transition to new years, new teachers, new stages and new challenges!

Is this your first school year as a Tooled Up member? Make sure you check out our new [Site Tour video](#) to get familiar with everything Tooled Up has to offer.

You can begin the new year by exploring our wealth of resources relating to **transition** [here](#), including our webinar series on getting children [nursery school-ready](#), [primary school-ready](#) and [senior school-ready](#). Download our [Settling In Journal](#) for older students beginning their senior journey.

At Tooled Up we believe that **talking** is one of the foundations of a healthy family life. In this [podcast](#), Dr Kathy Weston talks to Dr Neil Mercer about the importance of oracy, and how parents can help in developing children's speaking and listening skills. Here is researcher Mishika Mehrotra's [podcast](#) on her work exploring the links between conversation and children's development.

One of the best times to chat to our children is around the dinner table. We love this video on [Dinnertime Debriefs](#) and the role that dinnertime conversations can play in boosting children's resilience, wellbeing and academic attainment. If you ever get stuck for conversation ideas, here are [65 Topics](#) to work your way through. We love to get even the youngest members of the family talking, and our [Questions for Bathtime](#) can help with that.

Of course, one important use for family talk is in **wellbeing**. Our [family audit template](#) provides plenty of prompts to get healthy and open discussions started, and you can read these tips on having [difficult conversations](#) at home.

The words that we use when talking to our children matter greatly. We spoke to the founders of the charity *Words Matter* in this [podcast](#), which explores the impact that verbal abuse can have on children and how we can use words to boost self-esteem and self-worth.. Dr Kathy Weston explores this theme further in this week's [Wednesday Wisdom](#).

## Music Ambassador Applications

Applications for Junior and Senior Music Ambassador roles are now open for students in Years 7 to 13. To apply, please follow this link and fill in the form by **Friday 13<sup>th</sup> September**: <https://forms.office.com/e/0d23tVJPCc>

### Drumming Club Sign Up

Last year our lovely and very experienced peripatetic drum teacher planned to launch a drumming club on Monday lunchtimes. Due to the time of year we were able to confirm this, we did not feel there was enough interest to launch it. This September many students have been requesting that this be re-launched. If your child is interested in joining this Drumming Club, please fill in the interest form below by **Friday 20<sup>th</sup> September**. Please do sign up again even if you filled this form in last year. If sign-up numbers are sufficient, this will launch later this term. <https://forms.office.com/e/TDx8geA020>

### Christmas Concert Sign-Up

We are starting the year with a bang so we can be prepared for our Christmas Concert on 17<sup>th</sup> December. All the main ensembles will be performing, but anyone interested in performing a solo or small ensemble (group) piece can sign up here <https://forms.office.com/e/aTNnRyrLa7> All year groups and all standards welcome!

### Music Department Save the Dates

There are several upcoming events that I would be grateful if musicians and their families would put in their calendars.

- **Saturday 30<sup>th</sup> November 2024** - Kings Langley Christmas Light Turn on (date to be finalised) -
- **Monday 2<sup>nd</sup> December** (date to be finalised) - Kings Langley School Christmas Fayre
- **Tuesday 17<sup>th</sup> December @ 6.30pm** - Christmas Concert 2024 (rehearsals during the day)
- **Tuesday 4<sup>th</sup> February 2025** – Chamber Concert
- **Saturday 15<sup>th</sup> OR Sunday 16<sup>th</sup> March 2025** (date to be finalised by Hertfordshire Music Service) – Royal Albert Hall Gala Rehearsals
- **Sunday 23<sup>rd</sup> March** – Royal Albert Hall Gala performance
- **Friday 28<sup>th</sup> March** – Young Musician of Kings Langley Competition (in-school lunchtime)

# STEM Challenge

This week's challenge:

## A Sports Logic Puzzle

Four children are great friends. Use the clues below to find out which sport each child plays.

	Basketball	Baseball	Volleyball	Soccer
Brad				
Jenny				
Frank				
Susan				

1. Brad plays a sport that begins with the same letter as his name.
2. Jenny has to kick the ball in the sport she plays.
3. Frank hit two home-runs this season.

Answer next week.

### Last Term's answer:

Two cruise liners are making a journey across the Atlantic. The first liner leaves the UK on Tuesday. The second leaves the USA on Wednesday but has a higher speed. When they cross paths on Friday and meet in the Atlantic which ship is closer to the UK?

### Answer:

They are both equal distance to the UK upon meeting.

## Key Stage 3

***50 Ways Into Football*** by Dan Freedman

Are you obsessed with football and want to know how to make it your future? Well, now you can! Football isn't just about becoming a pro. In fact, there are hundreds of people who help make magic on the pitch, whether it's the architect who designed the stadium, the coder who created your favourite game, or the physio who got the star player fighting fit again. This book gives you access to fifty leading experts who have made a career out of the beautiful game, from footballing legends to top-flight sports commentators and the people behind the scenes.

## Key Stage 4

***The Science of Beauty*** by Dr Michelle Wong

Does deodorant cause breast cancer? Does eating chocolate give you acne? Do I need to wear sunscreen every day? What exactly is in my serum? What's the best way to fade scars? Is "clean beauty" as healthy as it sounds?

Featuring over 100 frequently asked questions, informative graphics, and backed up by the latest research, this book reveals the truth behind the bold marketing claims and viral TikTok trends and tells you what you really need to know about the products you use every day, and what really works.

## Sixth Form Fiction

***Before the Coffee Gets Cold*** by Toshikazu Kawaguchi

In a small back alley in Tokyo, there is a cafe which has been serving carefully brewed coffee for more than one hundred years. But this coffee shop offers its customers a unique experience: the chance to travel back in time. In *Before the Coffee Gets Cold*, we meet four visitors, each hoping to make use of the cafe's time-travelling offer. But the journey into the past does not come without risks: customers must sit in a particular seat, they cannot leave the cafe, and finally, they must return to the present before the coffee gets cold...

## Sixth Form Non-Fiction

***Just One Thing*** by Dr Michael Mosley

If you were going to do just one thing to transform your health, what would it be? We all want quick and easy ways to improve our health, but when it comes to diet, fitness and wellbeing it can be hard to separate the facts from the fads and harder still to find changes that fit easily into our daily lives.

Based on the popular BBC podcast, this book brings to life Dr Mosley's mission to find things you can introduce into your daily routine which will have a big impact on your mental and physical health.
