

We would like to invite local and national employers to work with the school who would be willing to share their 'Career Journey' with our students in order for them to benefit from hearing of your skills, experience and area of expertise.

We support students with an Annual Careers Fair but would not only welcome employers to this event but would also like to invite them to join activities such as:

- Speaking to groups of students who have a real interest in various career paths
- Presentations in assemblies
- STEM (Science, Technology, Engineering, Maths) subject employer talks
- Apprenticeship presentations as well as presentations from current apprentices.
- To assist with Employability workshops ie Interview techniques/CV writing/ conduct Mock Interviews
- Providing a link to curriculum areas in order to show students how specific subjects link to various careers

The Careers and Enterprise Company run a national campaign; **Give an hour ...Make a Difference** which aims to encourage employers to offer their expertise to schools in order to help young people make better informed career choices.
