Supporting UCAS applications

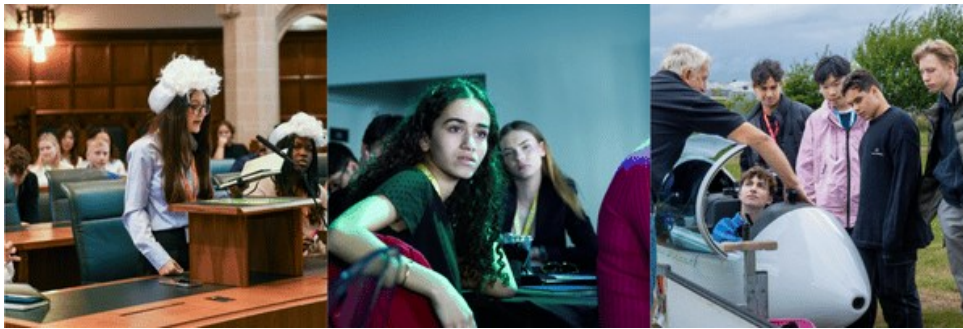

Supporting UCAS applications

Whilst Year 12 start to explore their options, it's decision-making time for most Year 13s, with the UCAS deadline fast approaching. To support your sixth formers through this crucial time, we recently hosted a webinar featuring a panel of career experts to guide students through the UCAS process. The feedback was overwhelmingly positive, and we wanted to ensure your students have access to all the valuable insights!

That's why **we've created a comprehensive resource sheet, full of key takeaways and expert advice** from the session. It's the perfect tool to help students craft an outstanding application and an ideal resource for them to explore over the half-term break.
