January 2025

Aims of this booklet:

This booklet contains important information about each GCSE course, including:

- Details of the exam board followed in that subject and a hyperlink to the exam specification on the exam board website.
- The dates of this year's exams in that subject – and the length of each exam.
- Details of regular revision opportunities available in that subject at school.
- The structure of the exam papers and the topics that will be assessed in each subject.

*** This includes details of option units/topics/texts/study pieces in English Literature, Religious Studies, Drama, History and Music. Please read this information very carefully – it is essential that you know the correct information to revise and which questions you need to answer in each of your exams in these subjects.**

- Links to useful revision websites, videos and other online resources that you might find helpful in that subject.
- Tips for revising in that subject.

Please contact Mrs Sudbery or your individual subject teachers if you have any questions about the information in this booklet.

Using the exam specifications:

We would encourage you to use the **exam specifications** to help you focus your revision on your priority areas and also to help you ensure that you revise the whole course before your exams.

Links to the correct exam specification for each subject are included in this booklet, along with the unit codes (e.g. 3.1.2).

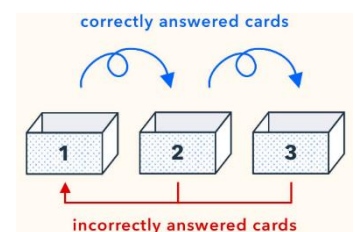

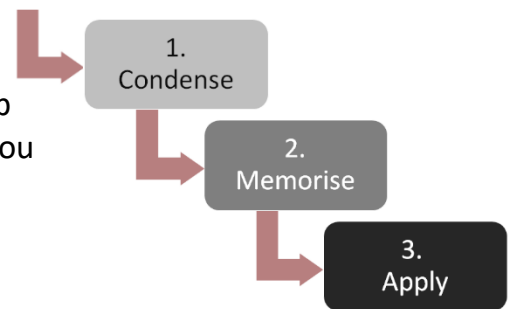

Traffic-light each statement in your exam specifications using a highlighter:

- **Red/Amber: Tricky; I'm not sure I know this.**
- **Yellow: I think I know this, but I need to revise it.**
- **Green: This is a strength; I just need to embed it.**

How to revise:

- ✓ Once you have reviewed your exam specifications, make an exam planner to help you focus on your priority areas. **Condense** the information (e.g. [flashcards](#), [mindmaps](#)...) linked to each statement in the exam specification and use the [Leitner system](#) (diagram above) or [blank page retrieval](#) to help you **memorise** the information as you go, leaving at least one week before your exams to focus on **applying** your knowledge and understanding to past papers.
- ✓ Use your revision guides to find out the information you want to revise, **writing** about what you're reading and **reorganising** it (rather than just reading the text repeatedly or highlighting it). [Quizzing](#), [blank page retrieval](#) and [self-testing](#) are some of the most effective ways of revising.
- ✓ Try doing **20 minutes at a time**, chunking your revision into manageable sections (about 4 pages of a revision guide). After each 20-minute segment, close the revision guide and explain the topic out loud, speedily map it out on paper or ask someone to test you (without looking!).

13-Week Subject Revision Plans

To support you in your revision, our KLS subject departments have created **13-week subject revision plans** to break down the exam specifications into smaller chunks for you to revise each week, making your revision feel more manageable and to ensure you have revised the whole course by the time the exams start. If you have already started your revision, you may not need to cover every point on each plan but can instead focus on your priority areas. *Links to the 13-week revision plans for each subject can be found below; KLS student log-in required.*

We are conscious that you have 10 or 11 subjects to revise in total and therefore have not prescribed what you should be revising each day; instead, we would encourage you to plan your revision for each week ahead around your other commitments, using the subject revision plans to identify which sections you are going to revise each day and ticking each one off as you complete it.

We have previously talked to you about 3 recommended stages of revision: **Condense - Memorise - Apply**, and the subject revision plans will support you with this.

- Start by consolidating the information in the topics indicated for that week by **condensing** it into smaller chunks (e.g. by making [flashcards](#), [mind maps](#), etc).
- Next, use your flashcards to quiz yourself or ask someone else to test you (e.g. using the [Leitner system](#) or [blank page retrieval](#)) to help you **memorise** the information.
- The final stage is **applying** your knowledge to exam questions, and links to past papers and mark schemes have been included in the 13-week subject revision plans.

Practice Exam Papers

If you start working through the 13-week subject revision plans after your trial exams finish, at the beginning of February, you will have **condensed** all of the exam content for each subject by the start of April. This will enable you to focus on **memorising** the information and **applying** your knowledge and understanding to practice exam papers from the Easter holidays until the start of your exams. We would recommend the following stages when you start to do practice papers:

1. **'Open book, open time'**: This means using your notes to help you answer the questions and spending as long on the exam paper as you need to complete it.
2. **'Open book, closed time'**: This means using your notes to help you answer the questions but doing it in the time allowed for that exam paper. (You will find the time allowed on the front of the paper.)
3. **'Closed book, closed time'**: This means doing the exam paper under exam conditions, without looking up any information and within the time allowed for that exam paper.

We would recommend doing at least one practice exam paper at each stage for each subject in the run-up to your exams, using the mark schemes to mark your answers.

Condense - Memorise - Apply Models

Condense	Memorise	Apply
3 rd February to 6 th April	7 th April to 20 th April	21 st April to 5 th May

Condense + Memorise as you go along	Apply
3 rd February to 20 th April	21 st April to 5 th May

Condense + Memorise + Apply as you go along
3 rd February to 5 th May

- **Condense:** Condense the facts into small chunks using [flashcards](#) with a prompt or question on one side of each card and the information on the other side, or [mindmaps](#).
- **Memorise:** Use the [Leitner system](#) or [blank page retrieval](#) to help you memorise the information on your flashcards.
- **Apply:** Practise applying your knowledge to practice exam papers using the three stages above.

GCSE English Language

Exam board: Exam dates and durations:

[Eduqas](#)

Component 1: Friday 23rd May 2025 (am) – 1 hour, 45 mins

Component 2: Friday 6th June 2025 (am) – 2 hours

*Plus Spoken Language endorsement reported as a separate grade
(already completed by most students during Year 10)*

Revision opportunities available in school for English Language:

English revision sessions are held at Thursday lunchtimes and after school on Fridays. There will also be revision workshops taking place during the holidays; details to follow.

Structure of the exam papers and topics assessed in English Language:

English Language Component 1:

20th Century Literature Reading and Creative Prose Writing (40%)

- **Section A: Fiction Reading**

*(10 minutes reading the extract at the beginning of the exam.
Do rule off the selected lines within the questions.)*

- **Question 01** Explicit information retrieval.
(5 marks; 5 minutes)
- **Question 02** This question tests the ability to explain, comment on and analyse how writers use language to achieve effects.
(5 marks; 5 minutes)
- **Question 03** This question tests the ability to explain, comment on and analyse how writers use language to achieve effects, using relevant subject terminology where appropriate.
(10 marks; 10 minutes)
- **Question 04** Analysis of a character, emerging mood and tone or atmosphere, often shaped as a 'how' question.
(10 marks; 10 minutes)
- **Question 05** This question tests the ability to evaluate texts critically and support this with appropriate textual reference. It often asks you to consider the end of the passage as well as the whole text.
(10 marks; 10 minutes)

- **Section B: Fiction Writing**

(5 minutes considering the options and planning; 40 minutes writing your response.)

- **Question 1.1** Select a writing prompt from one of the four choices provided.
(20 marks for content + 16 marks for Spelling, Punctuation and Grammar; 45 minutes)

English Language Component 2: 19th and 21st Century Non-Fiction Reading and Transactional/Persuasive Writing (60%)

- **Section A: Non-Fiction Reading**

(10 minutes reading both sources at the beginning of the exam.)

- **Question 01** This question tests the ability to identify explicit information.
(3 marks; 3 minutes)
- **Question 02** This question tests the ability to explain, comment on and analyse how writers use language, tone and structure to achieve effects and influence readers, using relevant subject terminology to support your views.
(10 marks; 10 minutes)
- **Question 03** This question tests the ability to identify and interpret explicit and implicit information and ideas.
(3 marks; 3 minutes)
- **Question 04** This question tests the ability to evaluate texts critically and support this with appropriate textual references.
(10 marks; 10 minutes)
- **Question 05** This question tests the ability to select and synthesise evidence from different texts.
(4 marks; 4 minutes)
- **Question 06** This question tests the ability to compare writers' ideas and perspectives, as well as how these are conveyed, across the two texts.
(10 marks; 10 minutes)

- **Section B: Non-Fiction Writing**

- **Question 2.1** You will be provided with two questions that you must complete.

- **Question 2.2** You must write in a method that suits the format, audience and required purpose of each task.

(20 marks each; 30 minutes each including 5 minutes' planning for each question)

Tips for revising in English Language:

- Plan a narrative that you can use in the Component 1 exam.
- Make sure you know what each non-fiction text looks like and includes that you may be asked to write in the Component 2 exam.
- Keep hold of your cream-coloured sheet that will go through, in detail, your trial examination performance.
- Consult Mr McGuigan or your teacher for past papers, which you should complete in timed conditions and on lined paper to best reflect the real conditions of the examination.

GCSE English Literature

Exam board: Exam dates and durations:

'Knowledge organisers' for each English Literature text to support your revision.

Tips for revising in English Literature:

- Re-read your set texts: Macbeth, Blood Brothers and A Christmas Carol.
- Watch the film or stage adaptations of Macbeth, Blood Brothers and A Christmas Carol.
- Secure your understanding of the **plots** of Macbeth, Blood Brothers and A Christmas Carol.
- Secure your understanding of the **principal characters** in Macbeth, Blood Brothers and A Christmas Carol.
- Ensure your notes on the poems from the Eduqas Poetry Anthology are secure and detailed.
- Make sure you can 'pair up' any two poems based upon selected themes such as nature, love, war, power and place.
- Review all of your old work, including any:
 - notes about the context or themes of a text;
 - important quotes; and
 - analysis of literary techniques.
- Then, use those old notes to create a new page of notes for each key character, and each key theme in your text. On each of those pages, you need to write:
 - a description of that character or theme;
 - a list of quotes about that character or theme;
 - a brief description of what each quote means; and
 - Textual analysis for each quote, focusing on how the author is using specific literary techniques to emphasise the point you think they are making about the character or theme.
- Know the context, form and structure, language, imagery and themes of all the anthology poems.
- Complete past exam papers and mark them using the mark schemes.

Tips for revising in Maths:

- The best way to revise for Maths is by doing lots of practice questions. Ask your teacher for extra copies of past exam papers so that questions can be completed again, and you can see what needs improving on. Past exam papers and mark schemes are also available online that you can print and use to practise (see links above).
- If you identify a knowledge gap or a question you cannot do when completing a past paper, use your revision guide or the relevant MathsWatch link to find out more about it and write a revision card on the key information. Make a note of the topic so that you can ask your Maths teacher for help on it next lesson.

Please see Page 3 of your [GCSE Course Guide 2024-2025](#) *(school log-in details needed)*. We recommend the '[Oxford Revise](#)' History series or the [Pearson Revise series](#).

Tips for revising in History:

- Create flashcards with a key topic on one side, and questions and answers about it on the other side. Spend some time going through and learning these questions and answers on your own, and then ask someone to test you on them.
- Complete the activities in the content revision guides to test how well you have understood the information.
- Use [Classroom 42](#) to read about key topics and then complete the activities to test that you have understood them. There are activities for all four of the GCSE topics, so choose the ones you feel least confident with to practise.
- Once you are confident in the knowledge, have a go at answering some practice exam questions and then use the mark scheme to mark these and add to your answers.
- For more suggestions, please refer to Pages 5-8 of your [GCSE Course Guide 2024-2025](#).

**This document has been written to help you.
Read it carefully and follow the instructions.**

If there is anything you do not understand, especially which calculator you may use, ask your teacher.

A. Regulations – Make sure you understand the rules

- 1 Be on time for all your exams. If you are late, your work might not be accepted.
 - 2 **Do not** become involved in any unfair or dishonest practice during the exam.
 - 3 If you try to cheat, or break the rules in any way, you could be disqualified from all your exams.
 - 4 You **must not** take into the exam room:
 - (a) notes;
 - (b) AirPods, Earphones/Earbuds, an iPod, a mobile phone, a MP3/4 player or similar device, a watch, smart glasses or any other smart device.
- Any pencil cases taken into the exam room **must** be see-through.
- Remember: possession of unauthorised material is breaking the rules, even if you do not intend to use it, and you will be subject to penalty and possible disqualification.**
- 5 If you have a watch, the invigilator will ask you to hand it to them.
 - 6 **Do not** use correcting pens, fluid or tape, erasable pens, highlighters or gel pens in your answers.
 - 7 **Do not** talk to or try to communicate with, or disturb other candidates once you have entered the exam room.
 - 8 You **must not** write inappropriate, obscene or offensive material.
 - 9 If you leave the exam room unaccompanied by an invigilator before the exam has finished, you **will not** be allowed to return.
 - 10 **Do not** borrow anything from another candidate during the exam.

B. Information – Make sure you attend your exams and bring what you need

- 1 Know the dates and times of all your exams. Arrive at least ten minutes before the start of each exam.
- 2 If you arrive late for an exam, report to the invigilator running the exam.
- 3 If you arrive more than one hour after the published starting time for the exam, you may not be allowed to take it.
- 4 Only take into the exam room the pens, pencils, erasers and any other equipment which you need for the exam.
- 5 You **must** write clearly and in black ink. Coloured pencils or inks may only be used for diagrams, maps, charts, etc. unless the instructions printed on the front of the question paper state otherwise.

C. Calculators, dictionaries and computer spell-checkers

- 1 You may use a calculator unless you are told otherwise.
- 2 If you use a calculator:
 - (a) make sure it works properly; check that the batteries are working properly;
 - (b) clear anything stored in it;
 - (c) remove any parts such as cases, lids or covers which have printed instructions or formulae;
 - (d) **do not** bring into the exam room any operating instructions or prepared programs.
- 3 **Do not** use a dictionary or computer spell checker unless you are told otherwise.

D. Instructions during the exam

- 1 Always listen to the invigilator. Always follow their instructions.
- 2 Tell the invigilator at once if:
 - (a) you think you have not been given the right question paper or all of the materials listed on the front of the paper;
 - (b) the question paper is incomplete or badly printed.
- 3 Read carefully and follow the instructions printed on the question paper and/or on the answer booklet.
- 4 **Do not** start writing anything until the invigilator tells you to fill in all the details required on the front of the question paper and or the answer booklet. **Do not** open the question paper until you are told that the exam has begun.
- 5 Remember to write your answers within the designated sections of the answer booklet.
- 6 Do your rough work on the proper exam stationery. Cross it through and hand it in with your answers.
Make sure you add your candidate details to any additional answer sheets that you use, including those used for rough work.

E. Advice and assistance

- 1 If on the day of the exam you feel that your work may be affected by ill health or any other reason, tell the invigilator.
- 2 Put up your hand during the exam if:
 - (a) you have a problem and are not sure about what you should do;
 - (b) you do not feel well;
 - (c) you need more paper.
- 3 **You must** not ask for, and will not be given, any explanation of the questions.

F. At the end of the exam

- 1 If you have used more than one answer booklet and/or any supplementary answer sheets, place them in the correct order.
Place any loose additional answer sheets inside your answer booklet. Make sure you add your candidate details to any additional answer sheets that you use. For CCEA examinations, any loose additional answer sheets should be placed **behind** your script.
- 2 **Do not** leave the exam room until told to do so by the invigilator.
- 3 **Do not** take any stationery from the exam room. This includes the question paper, answer booklets used or unused, rough work or any other materials provided for the exam.
