

28th April 2026

Year 12 End-Of-Year Examinations: 11th- 22nd May 2026

Dear Parents and Students

As shared in the school calendar, this year's Year 12 end-of-year examinations will take place later this term, from Monday 11th May to Friday 22nd May 2026. Please find attached the timetable of exams and an overview document providing details, for each subject, of the content being assessed; the format of the exam(s); and suggested revision materials and strategies. All exams will take place in classrooms during timetabled lessons, with regular lessons occurring as normal around the exams. Students recognised by the Learning Support Department as requiring additional time or support will have this allocated to them in class.

These exams will give students the opportunity to test themselves on the knowledge and skills they have learnt up to this point, providing students, parents and teachers with an indication of the A-level grades they are currently working at. They will also inform teaching and learning and enable areas of the course to be identified in which students need to improve as they progress into Year 13. Students' performance will be discussed with them in lessons following their exams and will be reported formally to parents in the school report that is due to go out at the end of the year. To be able to perform at their best in the exams, students will need to engage with revision in line with the advice given to them in lessons by their class teachers and shared on the attached exam overview sheet.

Please note that students' grades in these exams will also be used to inform predicted grades for university and apprenticeship applications.

If you have any questions regarding individual subjects or exams, please contact your child's subject teachers directly through the school admin email address admin@kls.herts.sch.uk.

Kind regards

Mrs L Sudbery
Deputy Headteacher

Mrs C Ralph-Day
Exams Officer
